

WellnessWorks

Wellness Services

Enrolling in the WellnessWorks program is free, and entitles you to certain benefits as an employer. Employers are not obligated to use all benefits – just choose the ones that make the most sense for you and your business. These include:

- Speakers on topics of your choosing
- Health Screenings
- Health Fairs

There may be a charge for some of these services, depending on the service and the number of employees involved. Other services may be provided to you at no cost.

A brief enrollment and implementation process ensures that the healthcare providers are informed and aware of your specific healthcare needs.

Our Corporate Health Consultant works with employers to provide easy access to healthcare information and services.

To enroll or request more information about these services, contact:
